Message from the Dean

Our chapter is very honored to host Thomas Murray, the university organist at Yale. He is highly acclaimed, and he will be playing one of the very few real pipe organs in the area. This will be at Christ Church Episcopal on March 20, which has a tracker action instrument built by Letourneau of St. Hyacinthe, Quebec. On March 19, there will also be a meet-and-greet luncheon at Christ Church. Hope to see you all there.

Carl Parks, Dean
